ABOUT US

A supply partner for plants and offices

RB Enterprises supplies industrial consumables, packaging and fabricated steel products to manufacturers and businesses. We work from our corporate office in Gurugram and our own works at the Model Economic Township, Jhajjar.

Our team of experienced associates works from your specification. We quote in writing, prove a sample before production and deliver to the schedule we agree.

We see ourselves as partners to our customers' purchase and maintenance teams: one vendor for a wide range of everyday items, with one person accountable for every order.

product lines

2

sites: Gurugram and Jhajjar

2

tool brands: GROZ and Stanley

The small items that hold up a line

Cable ties, tape, cartons, brackets and hand tools are low in value but easy to run short of, and usually bought from several different suppliers. Each one adds a vendor to onboard, a purchase order to raise and an invoice to reconcile.

RB Enterprises brings them under one vendor code.

One point of contact

One person who knows your account, your specs and your delivery schedule.

One GST invoice

Consolidated billing across product lines, so accounts payable reconciles once.

Fewer stock-outs

Repeat items quoted once and resupplied on request, so stores don't run dry.

Six product lines, one indent

Cable ties & seals

Nylon 6.6 ties, bases, crimp caps and plastic security seals

Self-adhesive tapes

Custom-printed with your logo, plus plain, clear, floor and foil tapes

Corrugated boxes

From an automated plant, in the GSM your load needs

Sheet-metal fabrication

Racks, panels, furniture and poles in MS, SS and aluminium

MS plates

Mild-steel plates for fabrication and plant maintenance

GROZ & Stanley tools

Hand tools, lubrication and workshop equipment

OUR WORKS

Made in Jhajjar

Our own production unit at the Model Economic Township, Jhajjar.

The works runs blown-film extrusion and bag-making lines, operated by our own team. Production we control is production we can schedule, inspect and stand behind.

WORKS ADDRESS

Plot No. 10, Sector 7A, Street No. 4
Model Economic Township, Yakubpur
Jhajjar, Haryana 124103

Cable ties, bases and crimp caps

Standard cable ties are made from nylon 6.6 and used to harness and bundle items, usually wires. We supply them in a range of sizes and materials for everything from tidy office cabling to heavy-duty industrial runs.

Nylon cable ties

Natural (white) and black ties in a range of lengths and widths, for harnessing and bundling wiring.

Cable tie bases

Adhesive and screw-fix mounts that anchor ties to panels, walls and chassis so harnesses stay routed.

Crimp caps

Insulated caps that terminate and protect twisted wire joints in electrical installations.

WHERE THEY'RE USED Wiring harnesses · Control panels · Data centres · Telecom racks · Industrial cabling

Seals that show tampering at a glance

Plastic security seals lock with a single pull and can only be removed by cutting them, so any interference is visible. Alongside them, our cable ties do the everyday work of dressing cables in racks and trays.

Security plastic seals

Pull-tight seals for bags, meters, valves and stores.

Container seals

For container doors, tankers and truck shutters.

Luggage seals

Tamper-proof a suitcase or consignment bag in seconds.

Panels & data centres

Ties to dress panel, rack and telecom cabling neatly.

Tape that seals, marks and carries your brand

Self-adhesive tapes in multiple colours, types and sizes for bonding, sealing and packaging, with strong, durable adhesion. Printed tape turns every carton you ship into space for your brand.

Printed tape

Multi-colour custom printing, your logo on every carton.

Plain tape

Brown packing tape for everyday carton sealing.

Transparent

Clear sealing where labels and print must show.

Floor marking

Marks aisles, zones and hazards on the shop floor.

Aluminium tape

Seals joints in ducting and insulation.

Custom packing tape with your brand

We print packing tape to order with your logo, brand colours and messages. Every carton you seal carries your name from your dock to your customer's door.

Brand every shipment

Your logo repeats along every seal, turning plain cartons into branded ones at no extra packing step.

Show tampering

Custom-printed tape is hard to replace unnoticed, so a re-sealed carton stands out at receiving.

Carry your message

Add handling instructions, a website or a return address alongside the logo.

WE PRINT Logos · Brand colours · Multi-colour designs · Handling text

TO ORDER, SEND

- Logo artwork (PDF or vector)
- Tape colour and width
- Print colours
- Quantity

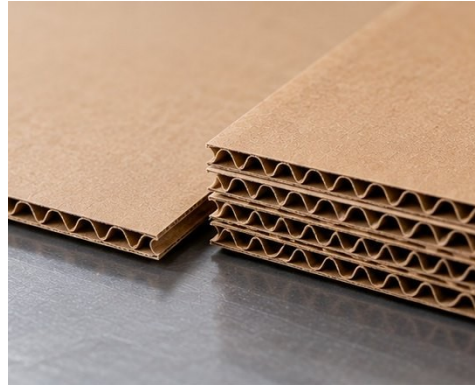

Boxes built for the journey

Produced on an automated plant and designed around each customer's packaging needs, from shipping and storage to retail packaging. Whatever your product's size or shape, we match the board strength (GSM) to the load.

Shipping cartons

Strong outer cartons for dispatch and transit.

Board & GSM

A range of GSM options for the strength you need.

Retail packaging

Boxes that protect and present your product.

SPECIFYING A BOX

1. Internal size (L × W × H)
2. Weight of the contents
3. Board strength / GSM
4. Printing, if any
5. Quantity and delivery schedule

Send these five details and we come back with a quote and a sample.

Drawn by you, built by us

Our skilled team works mild steel (MS), stainless steel (SS) and aluminium into custom racks and panels, tailored to your industry's exact specification.

Server racks

Network and server racks with perforated doors.

Retail racks

Display and storage racking for stores and warehouses.

Steel furniture

Office and domestic cabinets, lockers and furniture.

Hospital furniture

Steel furniture for wards and clinics.

Utility poles

Steel poles for street and site lighting.

MS plates

Mild-steel plates for fabrication and maintenance.

GROZ and Stanley tools

We are a leading provider of GROZ and Stanley tools, two names maintenance teams already trust, delivered alongside the rest of your indent.

Professional hand tools

Spanners, pliers, screwdrivers, hammers and kits

Lubrication equipment

Grease guns, oil cans and bucket pumps

Automotive shop equipment

Workshop tools for vehicle maintenance

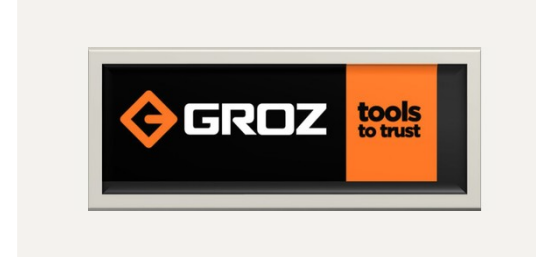

Precision engineering

Measuring and precision tools

Tool storage

Boxes, chests and storage solutions

Where our products go to work

Automotive & components

Two-wheeler, car and component makers, including Honda, Hero, Munjal Showa and JTEKT.

Electrical & electronics

Panel builders and electronics makers, including Mitsubishi Electric and Panasonic.

Energy & engineering

Engineering and energy firms, including AVL and FCT Energy.

Data centres & telecom

Cable ties, bases and server racks for rack and tray cabling.

Warehousing & logistics

Cartons, printed tape and security seals for dispatch.

Healthcare & retail

Hospital furniture, retail racks and steel storage.

Serving customers in India and overseas

From our Gurugram office and Jhajjar works we supply manufacturers across India, and we make and pack products for overseas customers, including in the United States.

Domestic

Across India

- Delivery to plants, warehouses and offices
- GST invoicing on every order
- Repeat items resupplied on a standing schedule
- Office in Gurugram, works in Jhajjar

International

Including the United States
